**9. Misenheimer/Pfeiffer University Sidewalk Gap Project:** The opportunity to utilize funding from the terminated roundabout project was presented. The sidewalk project would connect the existing sidewalk at the Pfeiffer University Chapel to the sidewalk at the southern end of the Rose Garden apartments. This project requires a 20% match. Until NCDOT has a commitment for the match and for an easement from Pfeiffer University at no cost, they do not want to spend more time and money for a design. Pfeiffer University is willing to grant the easement at no cost. A projected cost has not been given; therefore, it is unclear as to what the match would be.

Jon Byers moved to table the sidewalk gap project discussion until after the budget review later in the meeting. Jeff Watson seconded the motion and it was approved 5/0.

Conservatively estimating revenues and incorporating Council objectives from last month, a fund balance infusion of approximately \$148,000 would be needed. Council gave direction as to what they wished to move forward with and where they wished to cut. Council discussed possible ways to increase revenue.

**12. Police Report – March, 2025 –** Chief Lambert reported 22 traffic stops, 15 warning citations, 7 total charges, 4 traffic accidents, and 211 security checks. He reported that Al Tolley had been hired as a full-time officer. Chief Lambert plans to introduce him to each Council member.
